

Nouran Mohsen Moustfa

Network Security | Penteration Tester

Egypt ,El Dakahlia | +201003209368 | nouran.mohsen167@gmail.com | www.linkedin.com

Summary

Electronics and Communications Engineering Graduate with hands-on training in computer networking and cybersecurity. Familiar with network security, VLANs, firewalls, VPNs, NAT, ACLs, DNS, IDS/IPS, and network infrastructure. Practical experience building and troubleshooting labs with Packet Tracer, GNS3, Wireshark, Nmap, OPNsense, and TryHackMe. Seeking an entry-level Network Engineer, Network Security, or Cybersecurity role .

Technical Skills

- **Networking:** CCNA concepts, VLANs, routing and switching, NAT, VPN, ACLs, DNS, Syslog, network infrastructure
 - **Network Security:** Firewalls, IDS/IPS, OPNsense, network security fundamentals
 - **Tools:** Cisco Packet Tracer, GNS3, Wireshark, Nmap, Net cat, TryHackMe, Hack The Box , linux, Portswigger
 - **Cybersecurity:** Metasploitable 2&3 , Nmap , Netcat , Burp Suite, Network and Web Pentesting Ongoing
 - **Programming and Hardware:** HTML, CSS, Python, C programming, Arduino, Electronics and hardware fundamentals
 - **Operating Systems:** linux ,Windows
-

Experience : Projects And Practical Training

- **Predicta - Smart Secure Enterprise Network with AI-Driven Cybersecurity**
 - Graduation project: integrated enterprise solution combining networking, Windows Server, cybersecurity, hybrid cloud, AI, and DevOps.
 - **Secure Corporate Network | NTI Network Security Training**
 - Designed a secure network using Cisco Packet Tracer & ASA Firewall.
 - Implemented VLANs, OSPF, ACLs, NAT/PAT, DMZ, AAA, and IPsec VPN.
 - Configured firewall policies for secure traffic control and network segmentation.
 - Built networking labs and projects using Cisco Packet Tracer and GNS3.
 - Configured and practiced VLANs, firewalls, VPNs, NAT, ACLs, DNS, Syslog, and IDS/IPS concepts.
 - Completed cybersecurity and junior penetration testing labs on TryHackMe.
 - Studied computer networks through self-paced learning and completed CCNA training with Abir Hosny.
 - DEPI Trainee.
-

Education

Mansoura University, Faculty of Engineering | 2021 - 2026

Grade: Very Good

Certifications Courses

- Network Security - National Telecommunication Institute (NTI) Summer Training, 2025
 - CCNA Course - completed training with Abir Hosny
 - TryHackMe Labs - junior penetration testing practice
 - Mahara-Tech Courses
 - Digital Egypt Pioneers Initiative (DEPI) Trainee, Ongoing
-

Additional Skills

- **Soft Skills:** Communication and coordination, problem-solving, decision-making, teamwork, time management, multitasking, quick learning, and working under pressure.
- **Languages:** Arabic (Native) | English (Very Good)
